

The First International Congress on Airway Management/ and Anesthesia in Head and Neck Surgery, Tehran, Iran, May 20-22, 2009

Final call for abstract submission

On behalf of the Organizing committee, we would like to invite you to the First International Congress on Airway Management / and Anesthesia in Head & Neck Surgery, The Congress will endeavor to address the current issues in the management of airway. We look forward to seeing you in Tehran and to sharing with you your experiences in the most difficult terrain in anesthesia practice – the human airway and anesthesia in head and neck surgery. Attendees whose abstracts are accepted for oral presentation will avail of all the congress facilities free of charge.

Chairman Organizing Committee
Mostafa Sadeghi M.D.

Chairman Scientific Committee
Zahid Hussain Khan M.D.
